

Press Release

This is to inform you that all Town department agencies, school officials, Board of Selectmen, School Committee and the Board of Health continue to work diligently to resolve the matters related to rat abatement at the Waybright School.

To update the Waybright Community, please be informed that related to concerns about the untrapped rat that was sighted in the kitchen univent is now believed to have been trapped and destroyed.

Additionally, the entire building is undergoing a cleaning and sanitization process through both contracted vendors and custodial services. All univents have been cleaned, sanitized and repaired. There is continuous monitoring of the situation. We will keep you updated on any further developments.

School officials are pleased with the transition of students, faculty and staff to Saugus High School. During this period of transition we appreciate the efforts of the entire Saugus High School Community in making the Waybright School Community feel welcomed there.
