

Multiple Intelligences in the Classroom

Sponsored by

The Salem State Collaborative

Presenter: Zac Billings, Adjunct Professor of Education, SSC
Science Teacher, Lynnfield High School

Location: Lynnfield High School, Science Wing Room 107,
275 Essex Street, Lynnfield MA 01940

Audience: All Teachers K-12

Times: 3:15-5:30 PM

PDP's: 10 for the session (lesson plan required)

Fee: \$50 for Member Districts \$195 for non-Member Districts

Description: This workshop will primarily focus on Howard Gardner's Multiple Intelligence(s) Theory and its potential applications in the classroom. We will compare and contrast MI theory with other child psychology/development theories; discussing the appropriateness of current educational policy and practice. Participants will examine the difference between learning styles and learning preferences and discuss how to identify and distinguish between the two in their students. While much of the focus will be on theory, a significant portion of the session will revolve around the integration of MI into teacher's lesson/unit design. If you have ever wondered how you can meet the varied needs of both mainstreamed and special education students, while simultaneously helping all your students, this workshop will help give you the confidence and knowledge to do so.

<u>Session</u>	<u>Date (Thursdays)</u>
Session 1:	8 October 2009
Session 2:	15 October 2009
Session 3:	22 October 2009
Session 4:	29 October 2009
